Our Assessments

AN ALIGNED SYSTEM OF CURRICULUM & ASSESSMENT FOR STUDENT ACHIEVEMENT

UNIVERSAL SCREENERS

Choose at least three of four windows

Directions: If you have a student who falls below the 25th percentile according to National AIMSWeb norms in any of the “universal screeners,” the student may need intervention. You may use any of the following diagnostic assessments to determine specific needs, intervention plans, and/or instructional focus.

NOTE: If you are unsure, consult with your administrator, grade level team members, Title teacher, RTI team, and/or Instructional Coaches.

**Reading**
- Sight words
- Spelling inventory
- Phonics indicator
- Phonological Awareness Assessment
- Rigby Running Records / Accuracy
- Easy CBM for comprehension
- Interim SBAC assessments
- i-Ready reading diagnostic

**Math**
- Primary Math Assessment (Grades K-2 from the SDE)
- ECAM: (Grades K-5 math teaching resources)
- i-Ready math diagnostic
- Interim SBAC assessments

The Coeur d’Alene School District strives to follow the State of Idaho’s curriculum revision cycle.

CONTINUOUS INSTRUCTIONAL IMPROVEMENT CYCLE

**Year 1:**
- Yearlong

**Year 2:**
- Yearlong

**Year 3:**
- First year

**Year 4:**
- Second year

**Year 5:**
- Final year

Formative and diagnostic assessments provide teachers and students feedback about students’ skills and understanding before and during instruction. Assessment results offer teachers the information they need to adjust instructional strategies to ensure students meet learning standards.

The District Office will collaborate with teachers within a grade level or content area to provide professional development and leadership opportunities in:
- Curriculum Development
- Assessment Development
- Leadership development
- Leadership opportunities

Updates will be presented during grade level/department collaboration and ongoing feedback will be requested.

The process will be made upon district or Board approval.

Formative and diagnostic assessments provide teachers and students feedback about students’ skills and understanding before and during instruction. Assessment results offer teachers the information they need to adjust instructional strategies to ensure students meet learning standards.

- Interim SBAC assessments
- Progress-Monitoring Tool
- Progress—Technical —Year 4
- Interim SBAC assessments
- Progress-Monitoring Tool
- Progress—Technical —Year 5

Our Curricula

Prepares students for college and workforce
- Ensures consistent expectations
- Provides clear, focused guidance
- Is relevant to students needs and interests
- Includes rigorous content and application through higher order skills
- Builds upon strengths of current state standards
- Is benchmarked nationally and grounded on evidence and research

The Coeur d’Alene School District strives to follow the State of Idaho’s curriculum revision cycle.
